

Arthrex Once Again Named Among Best Workplaces in Manufacturing & Production

(NAPLES, Florida – September 11, 2024) – Arthrex, a global leader in minimally invasive surgical technology, is proud to announce the company has once again been named among the [Best Workplaces in Manufacturing & Production™](#) by Great Place To Work® and *Fortune*. This is the ninth year Arthrex has been named to this highly competitive, prestigious list.

“We continue to be grateful to the dedicated employees who manufacture and produce the quality Arthrex products that continue to improve the lives of millions of people around the world,” said Vice President of Manufacturing **Andy Owen**. “Being named one of the Best Workplaces in Manufacturing & Production is a direct result of President and Founder Reinhold Schmieding’s continued investment in the company and the people who work here.”

The Best Workplaces in Manufacturing & Production 2024 ranking is determined by data collected in the previous year’s Great Place To Work survey. In the last year, Great Place To Work surveyed companies employing 8.2 million people in the U.S. and received 1.3 million survey responses.

“We have a great appreciation for every manufacturing employee and their dedication to producing top-quality medical devices and technology,” said Director of Human Resources for Arthrex Manufacturing Inc. **Melanie McLane**. “Being recognized as one of the Best Places to Work highlights what our growing team already knows: The opportunity to contribute to our mission of Helping Surgeons Treat Their Patients Better® fosters a strong culture and positive employee engagement.”

In the past, Arthrex has also ranked as one of the Fortune 100 Best Companies to Work For® and has received other Great Place To Work designations, such as:

- Best Workplaces for Diversity
- Best Workplaces for Millennials
- Best Workplaces for Giving Back
- Best Workplaces for Latinos
- Best Workplaces for Women
- Best Workplaces in Southern California
- Best Workplaces in Mexico
